Work Experience and References

From March 2023 – Present: ISON – BMW South Africa

Position: **Connected Drive Specialist** – QA Testing Eastern Europe

Duties:

- Report bugs within Connected Drive for the Eastern Europe and propose solutions to the senior developers.
- Assist BMW importers and dealers with steps to test your vehicle software updates.
- Attend meetings to discuss issues reported within the market and share feedbacks with the in-country software developers.
- Assisting importers and BMW dealers with Connected Drive training and processes

From October 2022 : Junior Developer: Likonzi - www.likonzi.com

Duties:

- Writing efficient code using standard HTML, CSS and JavaScript practices.
- Working closely with senior developers to add new products on the website

- Constant communication with other colleagues in the business to develop and deploy their content – and ensuring there is a clear establishment of what can be created within what timeframe
- Implementing contingency plans in case the platform goes down.
